Subject: Cleanup could hurt local jobs

I'm writing because I want to make sure you know that we want a clean river.

The amount of wages generated by companies in the Portland harbor help so many families put food on the table. We all support a clean Willamette River but it's also crucial that the cleanup is flexible and not be so expensive that it threatens local jobs.

Thank you for allowing me to weigh in on this important process. Please do the right thing and make sure the cleanup is good for our environment and our economy.

Sincerely,
